

PBIS: Positive Behavior Intervention and Support

Purpose Statement: To endure a quality education by providing a safe, positive environment for students and staff.

What is PBIS?

PBIS is an acronym for Positive Behaviors Intervention and Support. PBIS is a systems approach for establishing the social culture and individualized supports needed for all students to achieve both social and academic success. This initiative is essential to the South Bend Community School Corporation's mission: to provide *quality education for every student, every day.*

How it works:

We focus on positive behavior

We use data for problem solving

We emphasize prevention, teaching and reinforcement

We value student involvement in the process

How parents can help:

Monitor your student's attendance and academic progress using the Power School Parent Portal

Attend parent teacher conferences in the Fall/Spring

Communicate regularly with your student's teachers
